# Online Ordering Authorisation

We'd love to work with you, and we just need to sort out some paperwork.  
We'll keep it simple and very fast - just 3 steps + a bonus prize!

This authorisation will allow the NEW TechnologyforSchools.com.au  
online educational resource for your special pricing on a wide range  
of technology hardware and software.

We just need your principal, manager or directors permission. Then  
we create a Master Account, from which Standard Accounts can be  
created. The Master Account must approve all orders created the  
Standard Account users.

Any questions, we're just a phone call away.

Apply by 30/7/11  
for a chance  
to win a  
Windows 7  
Acer W500  
Tablet!
